Filing Description:

Filing Of Forms To Be Issued To Montana Residents Insured Under Group Policy Delivered Out-Of-State:
Certificate Form: G-31272-0/GMR/CERT-MT

- New York Life Insurance Company NAIC Group Code – 0826
- New York Life Insurance Company NAIC Company Code – 66915

In accordance with Montana Insurance Code §33-1-501, enclosed for approval on a single case basis, is the certificate in final printed form. The Group Policy provides Group Level Term Life and Dependent Life Insurance.

Upon your approval, the certificate form G-31272-0/GMR/CERT-MT will be issued to Montana residents who become insured under a group policy which is issued for delivery of Ohio to ASM International (“ASM”). ASM is a group that meets the requirements of Montana Insurance Code §33-20-1112. The group documents are attached to the Supporting Documentation tab for your reference.

These forms are new and do not replace any form previously filed or approved by your department. I am pleased to certify that the forms have been reviewed and approved by the contract state of Ohio on June 11, 2025.

New York Life will be marketing the forms to ASM members via direct mail solicitation. This is to certify that solicitation of insurance for Montana residents will not be made until approval of this filing is received from your Department.

Upon approval, we are requesting an extension of approval of application form GMA-PRS1, which was previously approved by your department on July 07, 2003, which is attached to the Supporting Documentation tab for reference.

Thank you in advance for your attention to this matter.

Sincerely,
Monica Spearman

Comments: Please attach a copy of the Guaranty Notice to the Supporting Documentation tab. For future filings, Montana is requesting this be uploaded for reference.

Objection 2

- Flesch (Supporting Document)

- Group Life Checklist (Supporting Document)

Comments: Minimum Policy Language Simplification Standards (Flesch Score) The attached Readability Certificate has a score of +59.7. What is the purpose of the + sign? Please revise and resubmit the form to include the true Flesch score.

- Group Life Checklist (Supporting Document)

Comments: Certificate When the Policy is domiciled out of state, the Certificate must include provisions of Montana Code that a Policy issued in Montana would be required to include. Please update the Certificate statement to state that the insurer will issue to the policyholder for delivery to each person insured an individual certificate setting forth a statement as to the insurance protection to which the person is entitled, to whom the insurance benefits are payable, and the conversion rights and conditions as set forth in 33-20-1209 through 33-20-1211, MCA

Dear Mark Reese,

Introduction:

Thank you for your recent correspondence. See the responses to the objections you included in the pdf "NYLM - Infirmary Objection" below.

Comments:

NYL - Infirmary Objection:

If an elderly person with mobility problems or vertigo falls, and the fall causes an aneurysm, which then causes death. Would this be covered by the policy?

NYLM Response: See Covered Loss and What Benefit is Payable in the AD&D Insurance page(s).

In the company example: A person with heart disease falls and dies. The company then states the fall alone did not cause death; the heart condition contributed and the accident would be not covered by the policy. If the coverage is excluded, is it excluded because the heart disease contributed to the fall or because it contributed to the death, or both? Please further explain.

NYLM Response: See the For The Benefit To Be Paid in the AD&D Insurance page(s).

Would the policy provide coverage if an insured dies because they accidentally took too much of their high blood pressure medicine or if they are overprescribed the high blood pressure medicine?

NYLM Response: See Self-Inflicted Injury/Suicide in the AD&D Insurance page(s).

The Certificate does not define what constitutes a covered accident. Why doesnt the company define accident and provide clear examples of accidents that are covered and accidents that are not covered in the Certificate itself? For example: the person with heart disease who falls and later dies versus a healthy person who slips on the ice, hits their head and the result is death.

NYLM Response: In reviewing the referenced case, it appears that it is pertaining to an AD&D voluntary policy, which differs from this filing. This policy is a Life/AD&D product filed under the TOI:L04G Group Life Term which seems to be outside of the scope of the referenced case. Could you please provide the specific Montana statutes you are referencing regarding the definition of "accident" as it relates to discretionary group policies? For additional clarification regarding this filing, you can refer to the "Covered Loss" section on the AD&D Insurance pages as well as the Accidental Death & Dismemberment Insurance Schedule, which outlines how the benefit is paid.

The Certificate does not define what constitutes a covered accident.

NYLM Response: See the "Covered Loss" section on the AD&D Insurance pages.

Additionally, the Montana Supreme Court held: Life Ins. Co. v. Evans, 195 Mont 242, 247 (1981)

Where an accidental injury aggravates or triggers a pre-existing dormant disease or physical infirmity, the accident may be said to have been the proximate cause of the resulting disability within the terms and meaning of an ordinary accident insurance policy.

The mere presence of a pre-existing disease or infirmity will no longer relieve the insurer from liability in this state. Recovery may be had even though the disease appears to have actually contributed to the cause of death as long as the accident sets in motion the chain of events leading to death, or if it is the prime or moving cause.

Project Name/Number:	G-31272-0 ASM 10YLT SINGLE CASE FILING/G-31272-0 ASM 10YLT SINGLE CASE FILING				

A mere frail condition should not relieve an insurer from liability. As Chief Justice Cardozo noted in Silverstein v. Metropolitan Life Co. (1930), 254 N.Y. 81, 171 N.E. 914, an insurance policy is not accepted with the thought that its coverage is to be restricted to an Appollo or a Hercules.

NYLM Response: It appears that what is referenced Life Ins. Co. v. Evans, 195 Mont 242, 247 (1981) does not pertain to a Life/AD&D product, but an AD&D voluntary policy, which differs from this filing. This policy is a Life/AD&D product filed under the TOI:L04G Group Life - Term for a discretionary group. Could you please provide the specific Montana statutes you are referencing regarding the definition of "accident" as it relates to discretionary group policies?
